Welcome art and greeting video

The white Moomin statue in front of Kokemus is an homage to the statue at the Moomin museum in Finland. The vines on the corridor walls with hidden characters in the leaves guide you to a wooden Tove statue gently hugging the Moomin characters. On the left, the reproductions of Tove's frescoes represent Tove's career as a painter. Don't forget to watch the greeting video by Tove's niece Sophia before stepping into the elevator and heading to the world of the Moomin stories on the 3rd floor.
